— Who We are —

Ansari Corporation®

Ansari Corporation is a family-run business located in Faisalabad, Pakistan. We manufacture and distribute Stockinette to various industries and have a strong customer base in the Pharmaceutical, Food & Beverage, Automotive, Aviation, Marine, Hospitality, Construction, Forging, Adhesive, Tobacco, Upholstery, and Packaging industry.

Weaving has always been our family profession and these skills have come naturally to us. The elders of our family started weaving in 1972 by using a handloom. Over the years it has been replaced by new more efficient and upgraded machines with advanced technology and improved production facilities.

Our Company has been manufacturing Stockinette Products for over 50 years. We take pride in our excellent quality and customer service. Our prices are most competitive. Our Stockinette is one of the top quality made from coarse to lightweight soft absorbent cotton which is manufactured in rolls and cuts as per customer's requirements.
